Editor	Justin Shaw		Parow
Public Running	First Saturday of Every Month	Club Day	10th Dec 2011

Another year gone by!

It has been a good productive year at Western Province Live Steamers, a successfully steam meet, great public support on running days and lots of completed jobs around the club grounds. The club day introduced early this year has really been a success, we have seen a few new locomotives taking to the tracks and some old ones bought back to life. A big thanks to all the regulars who work so hard to keep the club going.

Christmas Braai and Club Day

Bring yourself down to the club on the 10th of December (with or without a locomotive) for our annual Christmas braai and club running day. For catering purposes, please advise us regarding your attendance on or before the 26th November.

General Meeting

The last general meeting for this year will be held on the Saturday 26th November at 2:00pm.
